

Giraffes Homework Grid - Term 1

Why is Earth our home?

These are optional activities, but we hope you try 1 or 2 this term.

Please bring in for the **w/c 17th October**

Write

- Write a poem about space. It could be an acrostic poem.
- Write a description of your favourite planet or astronaut.
- Can you write a word map of adjectives to describe space?

Design

- Design your own planet. Include key information and adjectives to describe it.
- Design a rocket. Label it and tell us what materials would be best and why?

Locate

- Can you show on a map where rockets are launched from and where they have landed?
- Can you create the solar system? We used balloons but you could use different sized balls or play-doh.

Make

- Make a rocket. How many different materials can you use? You could use lego, recycling, plasticine or cardboard . . .
- Can you bring your alien to life you described in class? Can you show us how it really looks?

Research

- Write a fact-file about your favourite planet or astronaut.
- How many missions have there been to the Moon? Can you write some facts about your favourite one?
- Can you make a poster about Neil Armstrong or Mae Jemison?

Explore

- Can you go out on adventure with your family and pretend to be aliens? What things would you see that would interest you? What would alien's take pictures of on Earth to show their family when they got home?
