

Meerkats Homework Grid

Term 4

Where in the world is my home town?

These are optional activities but we hope you try 1 or 2 this term.

Please bring in or practise for the **WC 27th March**

Design

In computing we are looking at animation. We have already discovered how difficult it is making a flip book that works exactly how we hoped. Could a Zoetrope or Thaumatrope work any better? Have a go at designing and creating one of these 18th century forms of animation.

Practise

Go onto the BBC Bitesize game below to use your mathematical skills against your enemies with weapons. Mathematical areas covered include: place value, addition and subtraction, multiplication, division, fractions and more.

Research and explore

Research a county in the UK and create an information booklet for tourists looking to holiday. Think about landmarks, entertainment, festivals, history and physical features that might attract tourism to your chosen county. Can you use features of a information booklet we practised in Term 1?

Talk

Discuss with your family the difference between England, Wales, Scotland and using geographical knowledge (mountainous/flat/miles above sea water) Can you explain the differences between these individual countries and the United Kingdom and Great Britain?

Make

Using an atlas or map as reference, create a map of the United Kingdom including one or more physical / human features we are looking at this term: terrain, rivers, average rainfall, countries, counties, railway lines or roads. Make sure you include a key on your map.
